

Coast Tussock Grass *Poa poiformis* var. *poiformis*

Flowers: September - January. H 20cm to 90cm. - W 1m.

Fast growing coastal grass; a very hardy medium to large symmetrical tussock. Will grow in full sun or part shade, in wet or dry conditions & in well drained soils. Cutting back in autumn will keep it looking neat & fresh. Can be a little prickly on bare legs. Tolerates salt spray making it an ideal plant for the immediate coast area.
