

Ivy-leaf Violet *Viola hederacea*

Flowers: for most of the year. H 15cm x W 1-2m.

Displays small odorless white & purple flowers on stems to 15cm. Thrives in shady areas & needs moist well drained soils. Fairly fast growing & spreads by runners. Will need watering to remain lush throughout summer. Suitable for rockeries & baskets. Easily divided to plant in other parts of your garden. Will flower in the shade. Good for pond edges and other moist or shady areas.
